Background Information

As directed at the May Board Workshop, staff is presenting the budget for approval. As discussed, the annual budget provides a means that allows the Board to review the ongoing and future objectives of the District and allocate funding based on available resources. The District's priorities and objectives through the proposed expenditures and anticipated revenues are developed prior to the fiscal year. The format will be similar to past budgets in the scope of detail and transparency.

A Staff's preparation of the budget is guided by:

- *Are the expenses reasonable and consistent with District policies, initiatives, industry standards, customer expectations, and Board of Director's priorities?*
- *Will the existing and proposed infrastructure investments provide current and future benefit to our customers and utilize our existing funds wisely?*
- *Does the proposed budget remain committed to seeking efficiencies wherever feasible?*
- *Does the proposed budget reflect the District's ongoing commitment to water conservation?*

B. Additionally,

- The District's proposed FY 2022-23 budget will continue funding our core mission of dedicated to meeting the water supply needs of the communities we serve.
- The District's internal cost-controls are evident as we continue our long-term efforts to

- maintain efficiencies in all areas.
- With a continued focus on water use efficiency, the budget assumes a 15% reduction in water sales/purchases as compared to the 2020 baseline year.
 - The District's budgeted revenues include a 6% increase, which does not exceed the District's proposition 218 notice (effective January 2023).
 - Over the course of the past several years, the District has made a significant investment in alternative water supply projects. The FY 2022-23 budget includes 625 acre-feet of water from the PBWA Cal Domestic project.

Revisions to the Budget

At the May 16, 2022 Board Workshop, staff reviewed in detail the proposed budget. Since that time, the budget has increased by \$10,000 for outside services.
