REQUEST FOR FIRE FLOW TEST

I hereby request the District conduct a fire flow test on the fire hydrant, location of which is shown below. I understand that the District does not guarantee (1) the flow data as to accuracy, and (2) that the flow quantities observed in the test will be available at all times. A fee of \$191.00 must be paid in advance for each fire flow test.

I further understand that the District can supply only such quantities of water and at such pressure as may be available from time to time as a result of the normal operations of the system and shall have no liability for loss or damage to persons or property resulting from inadequate pressure or flows.

I will assume full liability for any and all property damages resulting from the fire flow test.

I have read the above statements and take full responsibility for the use of any flow data furnished as a result of this test.
